“Leadership isn’t about advancing yourself... leadership is about advancing your people.” – Author Unknown

Experience. Leadership. Determination.

What I've Accomplished:

- Current Secretary-Treasurer of the Board of Directors for the Bishop Paiute Development Corporation.
- Recent experience working on the casino expansion and new service station projects.
- 30+ years of professional experience at a global *Fortune 500* corporation with a specialty in intellectual property, contracts, and negotiations.
- B.A. in Economics from UC Irvine and M.A. in Indigenous Peoples Law from OU in addition to 1 year of law school at UCLA School of Law.

What I Will Accomplish:

- Provide greater transparency and accountability to bring back trust and respect for the Tribal Council.
- Ensure clear separation between the Tribal Council and the Tribal Court.
- Recognize tribal employees for the valuable assets they are and allow employees to voice concerns without fear of retaliation.
- Secure funding for more programs for Elders and youth education.
- Advocate for a recovery treatment center on our reservation.
- Help our tribal community thrive and survive for years to come.

“I would now like to work for you.”
